# Explore All Popular Food Packaging Types

## LUXURY GIFT BOXES

Rigid set-up boxes are a packaging option for premium and seasonal promotions.

## FOLDING CARTONS

Our innovative and attractive folding carton designs combine environmentally friendly materials with the structurally sound solution your product requires.

## CORRUGATED

We produce environmentally responsible, graphically appealing, protective, and cost-effective corrugated packaging for the retail and commercial food markets.

**PLASTIC FOLDING CARTONS**  
When seeing the product matters the most, PET cartons and tubes are the solution. These recyclable packages offer the consumer a window to view your product like no other.

## THERMOFORMING

To ensure product freshness and visibility, RPET clamshells are the answer.

## FOOD GRADE TUBES

Available in paper, tin, and paper and tin combo.

## TEMPORARY DISPLAYS

We design and manufacture temporary corrugated displays for aisles, end caps, and club store pallet programs.

## PERMANENT DISPLAYS

We design and manufacture permanent displays for long-term promotions to keep your brand looking fresh every day.
