

VISUAL MERCHANDISING FOR THE MEDICAL INDUSTRY

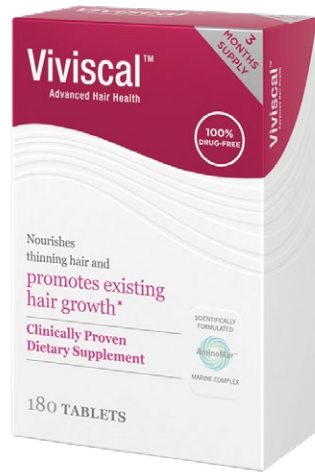

Golden West is an American owned and operated company that produces well designed yet cost-effective packaging for the **medical** industry.

Our custom-printed **medical packaging solutions** meet the strict specifications that medical packaging requires. Golden West is a proud supplier of cartons and PETG trays to some of the most important **medical** device and drug developers in the world. Our ISO certifications and clean room facilities allow us to meet the highest standards. Our services include carton lot coding, sequential numbering, and Class 10,000 thermoforming.

PROVIDING **PACKAGING SOLUTIONS** THAT COMPLEMENT **YOUR BRAND**

Explore All Popular Medical Packaging Types

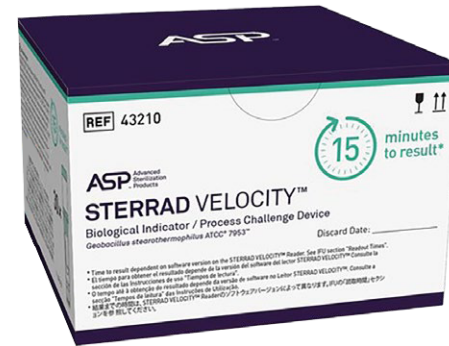

RETAIL PACKAGING

We produce graphically appealing packaging for OTC products at retail.

FOLDING CARTONS

Our innovative and attractive folding carton designs combine environmentally friendly materials with the structurally sound solution your product requires.

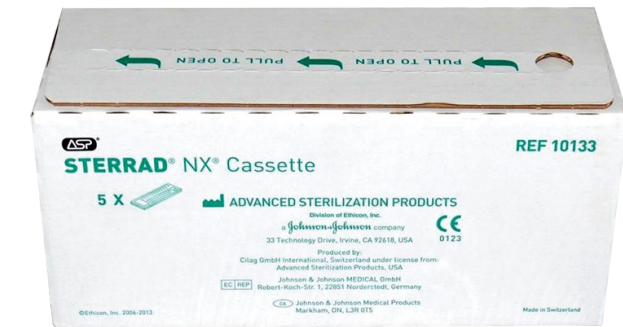

CORRUGATED

We produce environmentally responsible, graphically appealing, protective, and cost-effective corrugated packaging for the pharmaceutical industry.

CASE PACKS

Our engineering experts will ensure your product ships to your customers undamaged every time.

PLASTIC THERMOFORMING

Our ISO certifications and clean room facilities allow us to meet the critical standards required for the medical industry with class 10,000 thermoforming.

PERMANENT DISPLAYS

We design and manufacture permanent displays for long-term placement in medical offices and pharmacies.
